“I’ve been a client of Lori Dugan’s since 2009. She is kind, sweet, compassionate, and very trustworthy. She takes me to the beauty shop, my dr.’s appts. She knows all of my dr.s personally, which does help. Lori has helped me learn how to use my iPad and my iPhone. She handles any issues with any of my electronics as well as other repairs or projects that come up. She is a “Jill of all trades”! She does my grocery shopping, and takes me anyplace I want to go. She truly is my other daughter.”

— Martha Hahn, Bayley Place Resident

*“The personal and professional care I receive from **The Other Daughter LLC®** is wonderful. A perfect example of how personal the services are is when I was hospitalized recently. Lori slept in a chair beside me all night long. She made sure my care was being handled properly and relayed all information to my out of town family. She does everything in managing my care including scheduling doctor’s appointments, transporting and accompanying to all appointments and social events. She works closely with all my doctors to evaluate and monitor all my medical conditions. In addition, she takes care of all my bookkeeping and all responsibilities related to running a household. Without her, I would never be able to remain in my own home. Lori goes above and beyond to make sure I am taken care of in the same manner as her own family and friends. In fact, I do regard Lori as a daughter since I do not have children of my own.”*

— Edith Henlein, Former 24-hour care client

Seniors are our most valuable natural resource and very special to **The Other Daughter LLC®!**

About Us

Lori Dugan created Full Circle Concierge in 2007 from a long-time inner calling to help seniors stay active and independent. Many of these clients started referring to Lori as “their other daughter”, so a division of the company named “The Other Daughter LLC®” was formed.

Lori and her team bring a diversified array of degrees, licenses, and experience to the table. All of their combined experiences allow for unparalleled personalized and professional care to be given to each client. Lori is highly recommended by many local physicians, nurses, social workers, retirement center administrators, as well as numerous satisfied clients.

“Our last promise to Dad, was to take care of Mom. Finding in home dementia care was a true task, then we stumbled on “The Other Daughter LLC®”. Our emphasis was to ensure that we could safely keep Mom at home and to maintain some independence and dignity as long as possible. We were in need of a companion to keep Mom on task and to help with various other duties....doctor’s appointments, simple household chores, shopping, cooking, or the occasional overnight just to mention a few. Each of the caregivers bring companionship and their own special flair; whether it be an outing, something special for the day at home, remembering that special someone’s birthday, or the extra effort to make a holiday truly special. Mom loves the outings; a trip to the park, out for lunch, a little bargain shopping, a movie, or her favorite an ice cream treat.

Embarking on this journey we did not know quite what to expect. With each passing month “The Other Daughter LLC®” staff continue to amaze us with their true compassion and willingness to help. All of their efforts and dependability have made it possible to stay true to the promise that we madefor that we will be forever grateful! ”
